

ISPNE 2021 Virtual Conference Program

Times are in Central Standard Time (Chicago Time Zone) and GMT+1 (London Time Zone)

September 7th Tuesday	Conference Day 1 09:00-14:30 Chicago Time Zone / 15:00-20:30 London Time Zone
09:00-09:30	Welcome and Best Early Career Abstract Awards
15:00-15:30	Chair: Carmine Pariante
09:30-10:30	<i>Early Career Scholar Symposium: Pre-registration in</i>
15:30-16:30	<i>Psychoneuroendocrinological Research: Practical Applications and Challenges</i> (Chairs: Maria Meier, Brandy Sky Martinez, Sebastian Laufer, and Jacqueline Rodriguez-Stanley)
	- Tina Lonsdorf (University Medical Center Hamburg-Eppendorf, Hamburg Germany)
	- Lara Puhmann (Leibniz Institute for Resilience Research; Max Planck Institute for Human Cognitive & Brain Sciences)
	- Leslie K. John (Harvard Business School)
	- Isabella Heuser-Collier (Charité, Universitätsmedizin Berlin)
10:30-11:00	<i>Dirk Hellhammer Award (Chair: Clemens Kirschbaum)</i>
16:30-17:00	<i>Annamaria Cattaneo (University of Milan)</i>
11:00-11:15	Break
17:00-17:15	
11:15-12:45	<i>Presidential Symposium: The future of psychoneuroendocrinoimmunology</i>
17:15-18:45	<i>(Chair: Carmine Pariante)</i>
	- Staci Bilbo (Duke University)
	- Marco Riva (University of Milan)
	- Jennifer Felger (Emory University)
12:45-13:45	Poster Session
18:45-19:45	
13:45-14:30	ISPNE Business Meeting
19:45-20:30	

September 8th Wednesday **Conference Day 2**
09:00-13:30 Chicago Time Zone / 15:00-19:30 London Time Zone

08:00-09:00 PNEC Editorial Board Meeting (Invited only, separate link will be provided)
14:00-15:00

09:00-09:45 *Bruce McEwen Lifetime Achievement Award (Chair: Emma Adam)*
15:00-15:45 *Ned Kalin (University of Wisconsin)*

09:45-10:30 *Plenary Symposium: The interaction between cortisol and the immune system in health and disease (Chair: Jennifer E. Graham-Engeland)*
15:45-16:30 - Nicola Rohleder (Friedrich-Alexander-University)
- Andreas Menke (Medical Park Chiemseeblick)
- Jennifer E. Graham-Engeland (The Pennsylvania State University)

10:30-10:45 Break
16:30-16:45

10:45-11:30 *Parallel Symposia 1: Immune Mediators and Mechanisms in Posttraumatic Stress Disorder (Chairs: Renu Sah, Jessica Deslauriers)*
16:45-17:30 - Nikolaos P. Daskalakis (Harvard Medical School, Massachusetts, USA)
- Jessica Deslauriers (University Laval, Quebec, Canada)
- Emily Johnson (University of Cincinnati, Ohio, USA)

Parallel Symposia 2: Inflammation and n-3 fatty acids in the personalized treatment for depression (Chairs: Alessandra Borsini, Kuan-Pin Su)
- Richard Bazinet (University of Toronto)
- Alessandra Borsini (Institute of Psychiatry, Psychology & Neuroscience, King's College London)
- Kuan-Pin Su (China Medical University, Taiwan)

11:30-12:15 *Parallel Symposia 3: HPA axis and immune system markers across the early stages of psychosis: Implications for the neural diathesis-stress model (Chairs: Alexis Cullen, Monica Aas)*
17:30-18:15 - Jai Shah (McGill University)
- Javier Labad (Consorci Sanitari del Maresme)
- Alexis Cullen (Institute of Psychiatry, Psychology & Neuroscience, King's College London)

Parallel Symposia 4: The allostatic load concept: from theory to better understanding of stress-related consequences (Chairs: Robert-Paul Juster & Błażej Misiak)
- Robert-Paul Juster (Department of Psychiatry and Addiction, Faculty of Medicine, University of Montreal, Montreal, Canada)
- Sabine Finlay (James Cook University, Townsville, Australia)

- Błażej Misiak (Department of Psychiatry, Division of Consultation Psychiatry and Neuroscience, Wrocław Medical University, Wrocław, Poland)

12:15-13:00 *Plenary Lecture: Brenda Penninx (Amsterdam UMC)*
18:15-19:00 *Immunometabolic depression: ready for personalized medicine?*
Chair: Alessandra Borsini

13:30-15:00
19:30-21:00 Early Career Scholar Meeting (organized by ECS committee)

September 9th Thursday **Conference Day 3**
09:00-13:30 Chicago Time Zone / 15:00-19:30 London Time Zone

08:00-09:00
14:00-15:00

09:00-09:45 *Plenary Lecture: Greg Miller (Northwestern University)*
15:00-15:45 *Immune-endocrine mechanisms in the link between stress and health*
Chair: Valeria Mondelli

09:45-10:30 *Plenary Symposium: Psychoneuroendocrinology at the interface*
15:45-16:30 *between society and health (Chair: Lucile Capuron)*
- Christopher P. Fagundes (Rice University)
- Lucile Capuron (INRA Bordeaux)
- Keely A. Muscatell (UNC Chapel Hill)

10:30-10:45 Break
16:30-16:45

10:45-11:30 *Parallel Symposia 5: Clinic application of Psycho-NeuroImmuno-*
16:45-17:30 *Endocrinology (PNIE) in the areas of Medicine, Psychotherapy and*
Nutrition. Twenty-five years experience in Latin America (Chair: Gustavo
Tafet)
- Margarita Dubourdieu PhD (Catholic University, Uruguay)
- Laura Nasi (Favaloro University, Argentina)
- Katherine Rangel (PNIE Clínica Universidad de Salamanca, Chile-Venezuela)

Parallel Symposium 6: Title: Psychoneuroendocrine Research in the Era
of the Replication Crisis (Chairs: Maria Meier, Sonia Lupien)
- Prof. Sonia Lupien (University du Montreal)
- Sebastian Laufer (Freie Universität Berlin)
- Tobias Stalder (Universität Siegen)

11:30-12:15 *Parallel Symposium 7: Associations between estradiol and pro-inflammatory signaling and Implications for physical and mental health in peri- and postmenopausal women (Chairs: Serena Fiacco, Michael R. Irwin)*

- Calvin Leung (University of North Carolina at Chapel Hill)
- Mary Yaeno Carson (University of Pittsburgh)
- Serena Fiacco (University of North Carolina at Chapel Hill)

Parallel symposium 8: Early Life Adversity as a Developmental Risk Factor for altered behaviour: Molecular mechanisms, Neurobiological abnormalities, and Novel Pathways for Intervention (Chairs: Marco Andrea Riva, Annamaria Cattaneo)

- Christoph Anacker (Columbia University)
- Valentina Zonca (King's College London/IRCCS Fatebenefratelli)
- Rodrigo Grassi Olivera (Aarhus University)

12:15-13:30 *Plenary Lecture: John Cryan (University College Cork)*

18:15-19:30 *The Microbiome as a Key Regulator of Stress & Neuroinflammation across the Lifespan*
Chair: Anna Cattaneo

Closing remarks
